

MULTI TRESTLE SYSTEM SETUP GUIDE

STEP 1

Unlock J-hinges on both sides and slide out the inner ladder frame to form the first trestle.

STEP 2

To form the second trestle, position the two outer frames so that they are facing the same direction.

STEP 3

Pull out the lock and J-hinges from the one side of the outer frames into the other frame holes.

Please note that the second trestle cannot be used as a ladder.
